

K-Love (91.9 in Great Bend, KS) is all we listen to. We have 5 children living at home. Every radio in our house is either on K-love or Air 1 (the sister station) 24hours, 7 days a week. Each one of our children have radios in their rooms with K-love playing all of the time. Listening to K-love has changed their attitudes for the better about everything. We are what we listen to. In our vehicles we always listen to K-love and at work we listen to K-love. Losing K-love would be very detrimental to us. It helps keep our focus on God and the reasons why we are here. Without the constant reminder, it is easy to get wrapped up in worldly ways. Please leave the K-love translators just like they are. Thank you.
